NO TESTING 5/31 for MEMORIAL DAY

Antibody Test

This test detects antibodies to see if you have been exposed to COVID-19 (past infection). Antibody tests will not tell you if you have immunity.

LabCorp

Individuals have the ability to receive the COVID-19 IgG antibody test from their doctor, in person or through a telemedicine program, and now directly using

www.LabCorp.com/antibody-testing

Quest

You can make an appointment at a Quest patient service center for an immune response test

<http://patient.questdiagnostics.com/covid-testing-options>

However, your doctor must have submitted an order for your test or you must have purchased one through QuestDirect.

Patient First Urgent Cares

Available on a Walk-In basis from 8 am to 10 pm. Visit

<https://www.patientfirst.com/covid-19/covid-19-antibody-testing>

to find your closest Patient First Center.

If you cannot make it to the testing sites, the

Burlington County

Health Department offers **Home Testing**.

Please register via the link below,

<https://www.homecovidtest.org/>

You must use your kit within 72 hours.

If you have any further questions about

home testing, please contact the

Health Department (609) 265-5548
